Taking Inventory

Barn Equipment and Supplies Inventory - Start of Project Year

List in the appropriate sections all the equipment and supplies you own at the beginning of the 4-H year. Include a description of the item. If you own a lot of equipment and supplies, you do not have to record each one, i.e., list five water buckets instead of listing each water bucket separately. If the cost is not known, estimate the value. Something to think about. An up-to-date Barn Equipment and Supplies Inventory will be very useful if equipment is lost, destroyed, or stolen! When you purchase new equipment and supplies, list these items on this form and in the **(E1) Equipment Expenses** section on page 11.

Item	Year Acquired	Description	Cost (If Purchased)	Value
<i>Example: 5 water buckets</i>	<i>1998</i>	<i>1 gallon water buckets</i>	<i>\$25.00</i>	<i>\$25.00</i>
Total Value of Equipment and Supplies (Add all values of Equipment and Supplies and put this number in box at right.)				

(You may add more copies of this page if necessary.)
